

The Art of Care.®

Product Guide

Hill-Rom®

Enhancing Outcomes for Patients and Their Caregivers.™

Inspiring, comfortable, beautifully made.

Hill-Rom offers four distinctive styles of furniture to help you make the most of your space. Every piece is designed with the healthcare setting in mind and a focus on functionality and durability.

Artisan Style

Inspired by the masters of a simpler time, the Artisan style borrows themes from the work of Frank Lloyd Wright and his contemporaries. The clean, rectangular shapes and Mission lines communicate the line's structural integrity.

Metropolitan Style

Grace, poise, and performance characterize this fresh variation of a classic theme, inspired by the strength and timelessness of the Ionic columns of the Metropolitan Museum of Art in New York.

Aero Style

In a departure from traditional lines, the Aero style offers only curves. Following the path of Finnish architect Eero (pronounced Air-oh) Saarinen, this design expresses freshness and energy.

Opera Style

This style takes its design cues from the distinctive shells of the Sydney Opera House in the rounded chair arms and arm caps. The collection uses hard Northern Maple to complete the style.

Highback Chairs

Ideal for creating functional and attractive patient rooms, our highback chairs combine durability with ergonomic features to help keep patients safe and comfortable. Available in all four styles, they bring inspiration to the patient room.

Large Capacity Chairs

Ideal for patient rooms or public areas, our large capacity chairs are designed to make users up to 750 lbs. feel comfortable and secure. The chairs are available in three seat-width options (24", 30" and 40") and all four styles, with a pleasing appearance that discreetly blends in with other chairs.

Visitor Chairs

Ideal for patient rooms or public areas, our visitor chairs are available in all four styles, bringing comfort and elegance to any setting.

Ganged or Spanned Seating

Ideal for public areas and available in all four styles, our ganged seating delivers space-saving style in a variety of combinations: double seating, triple seating, standard or large capacity seating, double with center table.

Shared by all our premium chairs, these features make each piece versatile, durable, and functional.

Replaceable parts
Seat covers, back covers, and arm caps for easy updates and long life

The ConformBack™ option
Flexible top back section, brings extra comfort while maintaining lumbar support

Adjustable screw-in glides
Stand up to heavy use

STEELock™ construction
Superior structural integrity

Extended arm grips
Assist user ingress and egress

Convenient clean-out space

Urethane arms option
Available on Metropolitan chairs, the urethane arms offer extra cleanability and durability

Healthcoat 222™ process
Bakes and seals the finish directly to the wood for years of easy cleaning

Comfortable Fit
Spring box seat and back construction creates a custom fit for each user. The multi-foam layering system ensures long lasting comfort

Three-Position Recliner

Ideal for visitors or patients, our recliner features an exceptionally smooth, user-friendly recliner mechanism—and no cumbersome lever. Options include a removable arm and tray table.

Ottoman

Available in wood legs or metal legs, our ottomans complement beautifully and comfortably your Highback Chairs.

Ideal for creating attractive, functional patient spaces

Specially designed for the healthcare setting, our bedside cabinets add warmth and style to any patient room.

- Three bedside cabinets to align with our four styles: Metropolitan (steel frame), Artisan (all-wood construction with steel sub bracketry), and Aero to match Aero or Opera seating (steel frame)
- Hardwood and hardwood veneer drawer fronts and side panels
- High-pressure laminate tops and plastic inner drawers with rounded corners for easy cleaning
- Healthcoat 222 process bakes and seals the finish directly to the wood for years of easy cleaning
- Easy-to-clean hardware
- Easy-roll casters
- Optional screw-in glides stand up to heavy use

Lamp Table

Ideal for patient rooms or public areas

Our occasional tables are durable and flexible to go with a wide range of seating arrangements.

- Three table styles, each available in lamp table, end table or coffee table, to align with our four styles: Metropolitan, Opera (all-maple construction), and square wood legs to match Artisan and Aero styles
- Healthcoat 222 process bakes and seals the finish directly to the wood for years of easy cleaning
- Adjustable screw-in glides stand up to heavy use
