

Hill-Rom® Trauma Stretcher

Go Beyond Mobility™

Hill-Rom's Trauma Stretcher provides versatility to help you care for your high acuity patient. With the built-in x-ray cassette platform, capture quality images right on this stretcher, without moving your patient.

A rush to the operating room is not just about running down hallways and turning corners. It's about the minute details that contribute to a safe and comfortable experience for both you and your patient.

Our stretchers **provide more than mobility** for your patients:

- A safe and comfortable patient experience
- Simple and safe maneuvering
- Durability to withstand your demands

Key benefits at a glance:

A Safe and Comfortable Patient Experience

- Help prevent pressure injuries with your choice of pressure redistribution surfaces.
- Protect your patient's hands with bumper protected siderails.
- Provide a gentle patient ride with spring-loaded Steering Plus™ system that absorbs shock of driving over bumps and thresholds.

Simple and Safe Maneuvering

- Accommodate standard-size X-ray cassettes with full-length cassette deck.
- 360° maneuvering with Steering Plus™ system
- Zero Transfer Gap with OneStep® Tuck-Away Siderails
- Obtain an immediate patient weight with scale that memorizes last weight.

Durability to Withstand Your Demands

- 700 lb weight capacity
- Compatibility with most lifts and overbed tables
- Easy to clean smooth deck and siderail design
- Power washable

Go Beyond Mobility™

A safe and comfortable experience for both you and your patient starts on a Hill-Rom® stretcher.
