

Protecting Patients by Anticipating Care™

Enhancing outcomes for
patients and their caregivers:

Hill-Rom

Protecting Patients by Anticipating Care™

Hill-Rom collects the information that matters, identifies opportunities to improve care and delivers actionable insight to caregivers and patients — all supported by clinicians, every step of the way.

Hill-Rom® Application Platform

Hill-Rom collects the information that matters,...

- Patient motion and needs
- Staff and device location and status
- Data from medical devices
- Hand-washing events

and delivers actionable insight to caregivers and patients...

- Reporting and dashboards
- Alert and alarm management
- Staff and patient communication

identifies opportunities to improve care...

- Infection risk related to hand hygiene
- Workflow automation and call escalation
- Reduction of falls, pulmonary and skin events

all supported by clinicians, every step of the way.

- 100+ localized clinicians
- Change management process
- Clinical assessments, programs and consulting
- Outcomes measurement support

We impact clinical outcomes...

81% Reduction in response times^{1*}

226% Improvement in hand-washing compliance²

50% Reduction in patient calls^{1*}

...backed by experience.

90+ Years of customer solutions and service

600+ IT implementations per year

75K+ Medical devices connected

* Percentage is dependent upon customer or facility.

"It's an intelligent care system... Using clinical scenarios and merging them with IT to bring information to the fingertips of the caregivers and to revolutionize the way we deliver care."

Dr. Fabian Fregoli | Chief Medical Informatics Officer | St. Joseph Mercy Oakland
